# ROPE TIES

Rope ties described herebelow are compatible with all kind of ropes for the contention of the animal.

## Rope ties located at the table top corners

This option is composed of 4 rope ties attached at each corner of the table top. For large sized animals.

## Sliding rope ties

This option is composed of 8 rope ties which 2 by 2 modules slide on the lateral sides of the table top so that the contention of the animal is adapted to its morphology.
